

Writing image to SD card

These are the steps to write an raspberry pi OS image to an SD card on MacOS

1. Insert card on reader

Identify the disk number

```
diskutil list
```

2. Unmount the disk

```
umountDisk /dev/disk2
```

3. Write the image

```
sudo dd bs=1m if=hassos_rpi3-2.12.img of=/dev/rdisk2 conv=sync
```

4. Eject card

```
sudo diskutil eject /dev/rdisk2
```

Done!
